Real Estate Trustee

Advanced Federal Diploma of Higher Education: Real Estate Manager  
(Eidg. dipl. Immobilienbewirtschafter)

Advanced Federal Diploma of Higher Education: Marketing Expert  
(Eidg. dipl. Marketingfachmann)

---

“I like taking an active approach to the diverse responsibilities I fulfil in the field of real estate management and see properties grow on a sustainable basis.”

---

After gaining my commercial qualification in August 2000, I worked for 7 years in the IT industry (purchasing, sales, marketing). Having spent the next 2 years at IKEA in San Diego, I was subsequently looking for a new and exciting challenge in Switzerland. I decided to go into real estate where I worked for a number of different companies. In the last 6 years, I held the position of Head of Management at Zug Estates, supervising the construction and completion of the Suurstoffi district, a development in which sustainability plays a very important role.

I am delighted about my move to Varem Development AG and Hohle Gasse AG in Immensee in 2021 where I am involved in both the development and the strategic field.
