

Sara Imfeld

Accounting and Controlling

Fiduciary, Federal Diploma of Higher Education
(Treuhänderin mit eidg. Fachausweis)

“I believe in personal, long-term and harmonious collaboration with clients and colleagues to reach constructive solutions.”

In my job as a fiduciary, I always meet interesting people. I value the fact that my responsibilities involve both fact-based work with numbers and personal contacts.

Inspired by my work, I have consolidated and expanded my knowledge in advanced training courses. As client manager in the fiduciary and tax fields, I have had the opportunity to advise and support numerous SMEs. When I talk to clients and colleagues, I always take a solution-based approach. Thanks to the constant variety of the challenges I face, I have a very positive view of my day-to-day work in the real estate sector. I look forward to further involvement in this business and to developing further constructive financial and tax solutions.
